

## **THE ROD OF AN ALMOND TREE IN GOD'S MASTER PLAN**

by Peter A. Michas with Robert Vander Maten,  
& Christie Michas

Reveals the prophetic pattern of the Garden of Eden. Aaron's rod is discovered to be a branch from the Tree of Life. This Rod of God was passed down the generations from Adam through to King David, who planted it on the Mount of Olives. There it grew into the tree upon which Messiah Yeshua was crucified. The Bible states that He was crucified on a tree, and this truth is confirmed. The Mount of Olives is proven to be the real site of the crucifixion, the place "outside the camp", the place of the Red Heifer sacrifice. We trace the history of the Rod of God, also known as Aaron's Rod—the rod that miraculously budded almond blossoms.

Jerusalem is revealed to be the site of the Garden of Eden. The entire prophetic pattern for God's Plan of Redemption is revealed in precise detail as to location based upon this pattern. God's prophetic timetable is also revealed, based upon the real Biblical Holy Days (lost to Christianity 1700 years ago). The Name of God is revealed in Pilate's Inscription on the crossbar. The actual day of the crucifixion is proven to be Wednesday, with a Sabbath (Saturday) resurrection. Only by going back to the literal Greek words of Scripture can we discover what the Gospel writers really said regarding the day of resurrection.

Each Book \$16
